About Vissco

We have generations of family-heritage built on 'Understanding Pain'.

More than 50 years ago, in 1963... lived Mr. & Mrs. Chinubhai Gandhi – A happily married couple with two sons. Like many consumers today, Mrs. Gandhi suffered severe cervical pain that she tolerated for more than 2 years. Her biggest strength was her loving and caring husband. But given there was no effective remedy at the time, Mr. Gandhi felt helpless and wished he could do more to relieve her pain.

On a sunny day, an Orthopedic doctor-n-friend advised Mr. & Mrs. Gandhi to try out a cervical traction kit that he got shipped from the US especially for them. To their surprise, the kit worked wonders! In less than 3 months, Mrs. Gandhi was not only pain-free but glowing and smiling with utmost joy. Feeling empowered, Mr. Chinubhai Gandhi wondered how he could spread his joy to others who were also suffering. He had found his purpose in life and now wanted everyone to find relief from such pain. This inspired him to manufacture a few orthopedic and rehabilitation aids, from his very own garage!

Yes, Vissco was born. And was born with the Purpose: 'To Empower People & Their Loved Ones, to Feel Less Pain'.

Comforting pain since 1963...

True to its mission & within a very short span of time, Vissco today offers one of the largest range of trusted orthopedic appliances, fracture aids and mobility solutions, both nationally and internationally.

Comfort pain 'from beginning to end':

Our product portfolio addresses the entire continuum of patient care during a rehabilitation process. We help prevent injuries (ergonomic office/car supports), provide support & pain-relief during injuries, as well as offer products that enable mobility post-initial recovery.

The company today provides solutions for musculoskeletal health, vascular health and pain management. Vissco offers aids for various indications including those surrounding the Neck (Cervical), Abdomin, Back (Lumbar), Wrist, Elbow, Calf, Knee, Ankle & Eyes. So whether acute, short-term, degenerative, chronic, regular or sports-related, we have standardized and diverse pain-management solutions, all under one roof.

Recommended and Trusted by Millions...

Recommended by Millions of Consumers:

Over the last 50 years, we've successfully provided pain-relief to countless backs, necks, ankles, wrists and elbows. Millions of consumers across India have used Vissco products and passed on the message of empowerment

Recommended by Healthcare Professionals:

Our products are used, trusted & recommended by orthopedic specialists, spine surgeons, primary care physicians, pain management specialists, general practitioners, physical therapists, podiatrists, chiropractors, and other healthcare professionals.

The company is presently certified with ISO 9001:2008, ISO 13485, CE, OHSAS 18001 and GMP.
